

Rithick Jackson

Java Full Stack Developer

6383534076 | rithickjacksonv@gmail.com | Chennai
linkedin.com/in/rithickjackson | github.com/Rithick78 | rithickjackson.netlify.app

Summary

Java Full Stack Developer with hands-on experience building web applications using **Spring Boot**, **React.js**, and **MySQL**. Proficient in developing secure **REST APIs** with **JWT-based authentication** via **Spring Security**, and containerizing services using **Docker**. Independently delivered full-stack projects and contributed hands-on to frontend development during a Software Developer Internship.

Technical Skills

Languages : Java, JavaScript, SQL

Frontend : React.js, HTML5, CSS3, Tailwind CSS, Redux Toolkit, ShadCN UI

Backend : Spring Boot, Spring MVC, Spring Data JPA, Hibernate, Spring Security, RESTful Web Services, REST APIs, JWT Authentication, MySQL, API Integration

Core Concepts : Object-Oriented Programming, Collections Framework, Exception Handling, Data Structures & Algorithms, Design Patterns, Problem Solving, Debugging, Software Development Life Cycle, Agile Methodology, Database Design

Tools : Git, GitHub, GitLab, Docker, Postman, Maven, VS Code, IntelliJ IDEA

Deployment : Netlify, Render, Railway

Work Experience

Exordium DCA

Sep 2025 – March 2026

Software Developer Intern

Chennai

- Developed and integrated responsive web applications using **React.js**, **Tailwind CSS**, and **REST APIs**, ensuring seamless frontend-backend communication.
- Collaborated** with a team of **3 developers** using GitLab for version control, code reviews, and Agile project delivery.
- Independently developed 4+ static websites, showcasing ownership and frontend development skills.
- Worked closely with **2+ clients** to gather requirements, understand business needs, and translate functional requirements into web application features and UI enhancements.

Projects

FoodBill Pro | Spring Boot, React.js, MySQL, Tailwind CSS, Redux Toolkit, Docker | [Live](#)

Jun 2026

- Developed a full-stack restaurant billing and digital menu management system using **Spring Boot**, **React.js**, and **MySQL**, enabling real-time inventory tracking, billing management, and menu availability updates.
- Developed **18+ RESTful APIs** with **Spring Security** and **JWT Authentication** for billing and inventory management.
- Containerized backend services using **Docker** and implemented a QR-based dynamic menu system to prevent out-of-stock orders and improve customer ordering efficiency.

CareerScan | Spring Boot, React.js, MySQL, Tailwind CSS, Redux Toolkit, ShadCN UI | [Live](#)

May 2026

- Developed an AI-powered job matching platform using **Spring Boot**, **React.js**, and **MySQL**, helping job seekers discover relevant opportunities through resume-based job recommendations.
- Built **10+ secure REST APIs** using **Spring Security** and **JWT Authentication** for user management, resume processing, job search, and saved-job workflows.
- Implemented automated resume parsing using **Apache PDFBox** and integrated **Groq AI** to analyze skills, experience, and keywords, generating personalized job match scores and recommending **10+ live job opportunities**.

Education

Dhanraj Baid Jain College

Aug 2021 – May 2024

Bachelor of Computer Applications | CGPA: 6.9/10

Chennai

Certifications

Frontend Development | Green's Technology, Chennai

Jul 2024 – Nov 2024

Achievements

- Solved 200+ DSA problems** on LeetCode and other coding platforms, strengthening Java problem-solving and algorithmic skills.
- Maintained **600+ GitHub commits** across full-stack projects, demonstrating consistent development and version control practices.
